LED MOBILE TRUCK

LED Mobile Truck is a High-Tech LED Screen that can be parked at any time in different strategic points of the city to show animated & seductive bright advertising.

ALIENS MEDIA PROCESS

Consultation and Booking Planning

Aliens Media Client Servicing Team will offer you a free consultancy to fully evaluate your requirements and to provide you with the best solution to maximize the potential of your campaign.

Brainstorming & Design Creation

We will provide electronic files or samples that demonstrate the Design in 1 to 3 business days.

Price Quote

Prices depend upon Size, Quantity, Specifications & Complexity. Therefore, once we provide you with a Design and have full details of the project, we will be able to provide an accurate cost based on the specific requirements, together with the delivery lead times.

Prototyping

Prototyping is important to ensure that the electronic proofs of the Design are correct prior proceeding to the production stage.

Production

Once the prototype has been approved, we will proceed with production after we receive a deposit of 50% of the total amount.

Delivery

Upon the delivery order, the customer is required to pay the balance of the remaining 50% of the total invoice value in order to release the goods
